Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. 2. NEW AND REVISED STANDARDS ADOPTED

Several amendments and interpretations apply for the first time in 2021, but do not have an impact on the condensed consolidated interim financial statements.

3. **BASIS OF PREPARATION**

3.1 Statement of compliance

The condensed consolidated interim financial statements for the six months period ended 30 June 2021 have been prepared in accordance with International Accounting Standard No. 34, "Interim Financial Reporting" and also comply with the Federal Law No. 2 of 2015 and applicable requirements of the laws in the UAE.

Federal Decree Law No. 26 of 2020 which amends certain provisions of Federal Law No. 2 of 2015 on Commercial Companies was issued on 27 September 2020 and the amendments came into effect on 2 January 2021. The Group is in the process of reviewing the new provisions and will apply the requirements thereof no later than one year from the date on which the amendments came into effect.

Condensed consolidated interim financial statements does not include all of the information and footnotes required for full annual financial statements prepared in accordance with International Financial Reporting Standards and should be read in conjunction with the Company's annual audited financial statements for the year ended 31 December 2020. In addition, results for the Six months period ended 30 June 2021 are not necessarily indicative of the results that may be expected for the financial year ended 31 December 2021.

3.2 Basis of measurement

Notes to the Condensed Consolidated Interim Financial Statements For the Six Months Period Ended 30 June 2021

3. **BASIS OF PREPARATION (CONTINUED)**

3.3 Use of estimates, assumptions and judgement

The preparation of these condensed consolidated interim financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

In preparing these condensed consolidated interim financial statements the significant judgments made by management in applying the accounting policies and the key sources of estimation uncertainty were the same as that were applied to financial statements for the year ended 31 December 2020.

The corona virus (COVID-19) had spread across several regions globally, including the United Arab Emirates and on March 2020, the World Health Organization (WHO) officially declared COVID-19 as a global pandemic. This impacted the global economy and business sectors and adversely affected the demand and selling prices for the Group's products as at 30 June 2021. The Group's management is closely monitoring the situation and has taken the necessary measures to address the situation in general. The extent and duration of these effects is not specific and depends on future developments that cannot be accurately predicted at this time.

3.4 Financial risk management

The Group's financial risk management objective and policies are consistent with those disclosed in the audited financial statements for the year ended 31 December 2020.

3.5 Basis of consolidation

These condensed consolidated interim financial statements incorporate the financial statements of the parent company and entity controlled by the Company (its subsidiary). Control is achieved when :

- The Group has power over the investee.
- The Group is exposed, or has rights, to variable returns from its involvement with the investee.
- The Group has the ability to use its power over the investee to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control mentioned above.

When the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee.
- Rights arising from other contractual arrangements.
- The Group's voting rights and potential voting rights

Notes to the Condensed Consolidated Interim Financial Statements For the Six Months Period Ended 30 June 2021

3. **BASIS OF PREPARATION (CONTINUED)**

3.5 Basis of consolidation (Continued)

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed during the period is included in the condensed consolidated interim statement of comprehensive income from the date the Group gains control until the date when the Group ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income are attributable to the equity holders of the parent company and to the non-controlling interest even if this results in the non-controlling interest having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group accounting policies.

All intragroup balances and income, equity and cash flows relating to transactions between entities of the Group are eliminated in full on consolidation.

Changes in the Group ownership interests in subsidiaries that do not result in the Group losing control over subsidiaries are accounted for as equity transactions. The carrying amounts of the Group interests and the non-controlling interest are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interest are adjusted and the fair value of the consideration paid or received is recognized directly in equity and attributed to owners of the Group.

The details of the subsidiary is as follows :

Quarry development cost	6 - 20

No depreciation is charged on land and capital work-in-progress. The depreciation charge for each period is recognized in the condensed consolidated interim statement of comprehensive income.

The estimated useful lives, residual values and depreciation method are reviewed and adjusted if appropriate at each reporting date. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than estimated recoverable amount.

Gain or loss arising on disposal of any item of property, plant and equipment (calculated as the difference between the net disposal proceeds, and the carrying amount of the asset) is recognized in the condensed consolidated interim statement of comprehensive income.

Capital work-in-progress

Properties in the course of construction for production, supply or administrative purposes or for purposes not yet determined are carried at cost, less any recognized impairment loss. Cost includes professional fces and, for qualifying assets, borrowing costs capitalized in accordance with the Group's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.
